This high power, high speed floor stripper was developed to penetrate and remove multiple coats of burnished floor finish with a minimum of labor. Utilizing the latest in technology, this powerful professional stripper actually “unlocks” the chemical bonds of acrylic and urethane fortified floor finishes, releasing them from the floor surface. This fast acting, labor saving product requires little if any scrubbing and greatly reduces the time it takes to strip a floor. This powerful professional stripper has a lower pH than competitive formulas and requires no neutralizing or flood rinsing after use. Developed for use on resilient floors, this product is also suitable for use on most s
