Our Dunnage-Rack is as portable as it is versatile. Made from lightweight, heavy-duty HDPE, these are the perfect match for wet, or chemically intense environments. A simple snap-together design makes it a breeze to raise finished goods and raw materials off the ground and away from moisture, dirt and traffic. When it comes to cleanup time, just sweep underneath! We offer the largest commercially available sizes in a high-capacity, low-cost dunnage solution that lets you reset and move workstations as often as you see fit. Plus, the grid-top design simplifies working with fluids and bagged goods because any spilled items will flow through the surface to the floor below. Once you give them a try you'll be amazed at how many places Dunnage-Rack will find a use in your facility!
