The Edge mop is produced from 100% post industrial material -recycled rayon/synthetic nonwoven edge rim. Ounce for ounce this material exhibits 40% greater absorption than conventional plied cotton products. Due to increased absorption, the same cleaning results may be achieved while using less material. By reducing the amount of material used to make the mop, costs are reduced, as is material entering the waste stream.

Premium 4-ply, cotton/synthetic blended yarn provides the absorption and durability you'd expect from a looped-end mop. Add Tuway's extra touches, like rugged double stitched tailbands and nylon-stitched mesh headbands, and you have the industry's best general-purpose launderable looped-end wet mop. Available in small, medium, medium-large, large and extra-large. 5" 100% polyester mesh headbands add strength and promote faster mop drying to inhibit mold and mildew. Last up to eight times longer than cut-end mops. Blended yarn and looped ends minimize linting. Covers twice the area per pass compared to cut-end mops.
