 UPC Code:
 UNSPSC **53131608**

Bactoshield CHG comes in a 2 percent w/w solution of chlorhexidine gluconate with 4 percent isopropyl alcohol in a nonalkaline base. CHG is a proven antimicrobial agent with documented persistence and efficacy against Gram-positive and Gram-negative bacteria. Bactoshield CHG provides rapid, persistent bactericidal action against a broad spectrum of microorganisms, including multiply resistant microorganisms such as methicillin-resistant Staphylococcus aureus (MRSA) and vancomycin-resistant enterococci (VRE). Both concentrations of Bactoshield CHG may be used as a health care personnel handwash, a surgical scrub, or as a preoperative skin preparation.

Ecolab's Quik-Care is a waterless, foaming antimicrobial hand sanitizer formulated with 62.5% ethyl alcohol (by volume) as well as skin conditioners and emollients to help moisturize and improve skin health with continued use. Quik-Care is ideal for situations when there is simply no time or place to wash with soap and water: Kills germs on hands that can lead to infections, yet its emollients are gently soothing to the skin. Convenient no-rinse formula encourages frequent hand hygiene. Fragrance-free formula helps reduce the opportunity for irritation and allergic reactions. Fast drying formula dries within seconds reducing the application time for staff.
